Come Build A School Block in RTI's 50th Year

In last 10 years Round Table India's Tables have built over 3600 classrooms in 1100 schools under its Freedom Through Education Program.

That's One Classroom a Day.

Possibly You, Your Tablers and Your Sq. Legs have played their indelible roles in this achievement. If not yet, then maybe have always wanted to.

With a 25 year lifecycle, the impact that a classroom has over the multitudes of children passing through, is extremely profound and takes our money & time contributed, a long long way.

In this 50th Year of our Association, I as your President am keen to see more and more Tables get attached to this miracle we have created called FTE.

Come Build a Golden Jubilee FTE School Block in RTI's 50th Year.

A Small (1 to 3 Classroom) Block or a Mega Structure..whatever your desire.. RTI invites you to connect to FTE.

RTI's 50th National Board will back you up with 2 Funding Schemes

a. Up to Rs 6 Lacs OR

b. Gold Million Rs.10 Lacs

Connect to your National Projects Convener Tr. Karan Gehani RT 144 to understand the applicability of the 2 Schemes. karangehani@yahoo.com / 09822652726

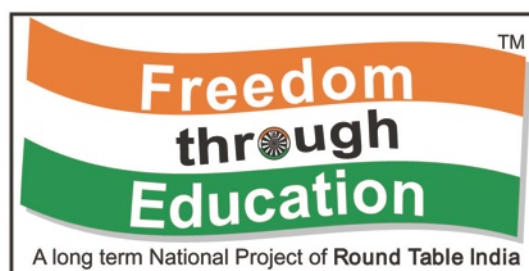

And do so soon, because both these Golden Jubilee FTE Block Schemes **close on 31st March 2012.**

These funds are a sure reason for putting a golden smile on needy kids that shines for years to come... your very own legacy

Keep Smiling Keep Shining
